

PARENTS AND SETTINGS CO-PRODUCING SUPPORT TOGETHER

Training Package

FVP has a highly trained team of professional trainers who have a great understanding of the local demographics of the population in Peterborough and the particular needs of parents with children with special educational needs and/or disabilities. We can provide a full or bespoke package for individual settings that will be based on the particular needs of their population

SEN Information Report Service

We will meet with your setting and review your current SEND Policies and/or SEND Information report then advise on areas that could benefit from change. We can also help advise on content to ensure your setting is compliant. When this service is used in conjunction with our training packages we will work together to promote co-production between parent carers and the school to endeavour that going forward this is a sustainable model.

Coffee Mornings & Micro Forum

We will work with you to set up, assist in advertising and provide support at coffee mornings. We aim to use these sessions to provide a supportive environment for parent carers to decrease feelings of isolation whilst simultaneously providing information that leads to greater empowerment, self-efficacy and resilience. These coffee mornings will be the springboard from which we will aim to educate parents on the principles of participation and co-production and these will form the basis of the micro-forums. The aspiration for the micro-forums is for them to be the vehicle from which SEND information reports and other SEND related policies and procedures can be utilised by your setting.

Form a corporate partnership with us

We are looking local businesses to partner with us to allow us to continue our good work supporting Peterborough and those in need. For more information please contact Louise our Chief Operating Officer at louise@familyvoice.org or 01733 685510.
