

# Parent Carer Forum

## Who we are:

Family Voice Peterborough is a local charity that works with parent carers of children with special educational needs and/or disabilities from 0-25.

## Our vision:

To ensure parent carers have the services that they need, are informed, can contribute, and are empowered to support their child and peers, and can balance their carer role by accessing wider opportunities.

## What we do:

- Raise awareness of SEND issues;
- Share experience, knowledge & skills;
- Provide free training for parent carers;
- Actively seek parent representation at strategic meetings and panels to ensure parents are included and receive feedback;
- Organise open meetings for parents and carers to attend with guest speakers;
- Engage with schools, health providers and SEND partners;
- Shape the SEND reforms locally.
